

# MESA FR RANGE

## Wall Recessed Mains Connected Water Fountain

The Mesa Series FR + Optional Cup Filler is a fully wall-recessed water fountain with a single refrigerated drinking fountain and optional cup filler. The Mesa FR can dispense between 30 and 60L/h of cool drinking water.

### KEY FEATURES

- Optional Cup filler, cup dispenser & waste bin
- Waterways are lead-free in materials and construction
- Stainless Steel Surfaces
- Welded, Heavy-Gauge Steel Wall Mounting Frame
- Refrigerant R-134a
- High-Efficiency Cooling Tank and Coil
- Limited 5-year Warranty

The Mesa FR+ Optional Cup Filler is perfect for locations with limited space, such as walkways. Thanks to its high efficiency cooling system the Mesa FR is able to cool between 30 and 60 L/h. Its brushed stainless steel finish ensures that the Mesa FR is easy to clean and maintain.

The Mesa FR + Optional Cup Filler comes with an optional side component containing a cup dispenser, cup filler and a small bin to place the used cups in.
